Provider Profile

Information provided by the provider describing their agency:

Community Enterprises, Inc. is a well established (30+ years) agency that provides a wide variety of services to people with developmental and other disabilities. Our mission is to support individuals so that they may “live, learn and work in the community.” To this end, we provide group and individual supported employment programs, community integration/DSO programs, supported living services, supported education programs in coordination with Manchester Community College, and transition services for young adults.

Our services are distinguished by our constant goal to individualize and customize whatever is needed to meet the participants’ needs rather than using a “cookie cutter” approach. Because we have a large geographic catchment area and also operate programs in Mass and New York, we draw on a wealth of diverse experience and expertise in house. We are committed to creating innovative answers to meet disabilities needs. For example, Community Enterprises is the sole provider of training for individuals with disabilities at the Walgreens Distribution Center. CE teams with Walgreens and Bureau of Rehabilitation Services (BRS) as well as a wide variety of funding sources (DDS, DMHAS, DCF, etc.) to screen, train, and support employees successfully for full time positions at the distribution center.

Community Enterprises places significant value on its bi-annual survey. While dialog with clients and stakeholders is ongoing throughout the year, the survey is a tool to formally gather detailed information. It is uniformly distributed to all clients, funders, family and employers. Their collective feedback is critical in how our agency modifies, adds and improves its programs and services. Comments and questions from the survey are unilaterally addressed.
